VR for autism therapy
Class project, Spring 2017

SKILLS

Illustrator
Photoshop
Lightroom

Unity
XCode
Android Studio

Javascript
C#
C++
HTML
CSS
Java

PASSIONS

I volunteer for Senior Connections, through which I meet an 83 year old senior citizen for an hour every week. Doing this brings me a lot of joy.

I was the global winner of the University of Melbourne Photo Competition in 2015, and won a fully funded trip to Melbourne.
